GEORGE A. CHAMBERLAIN

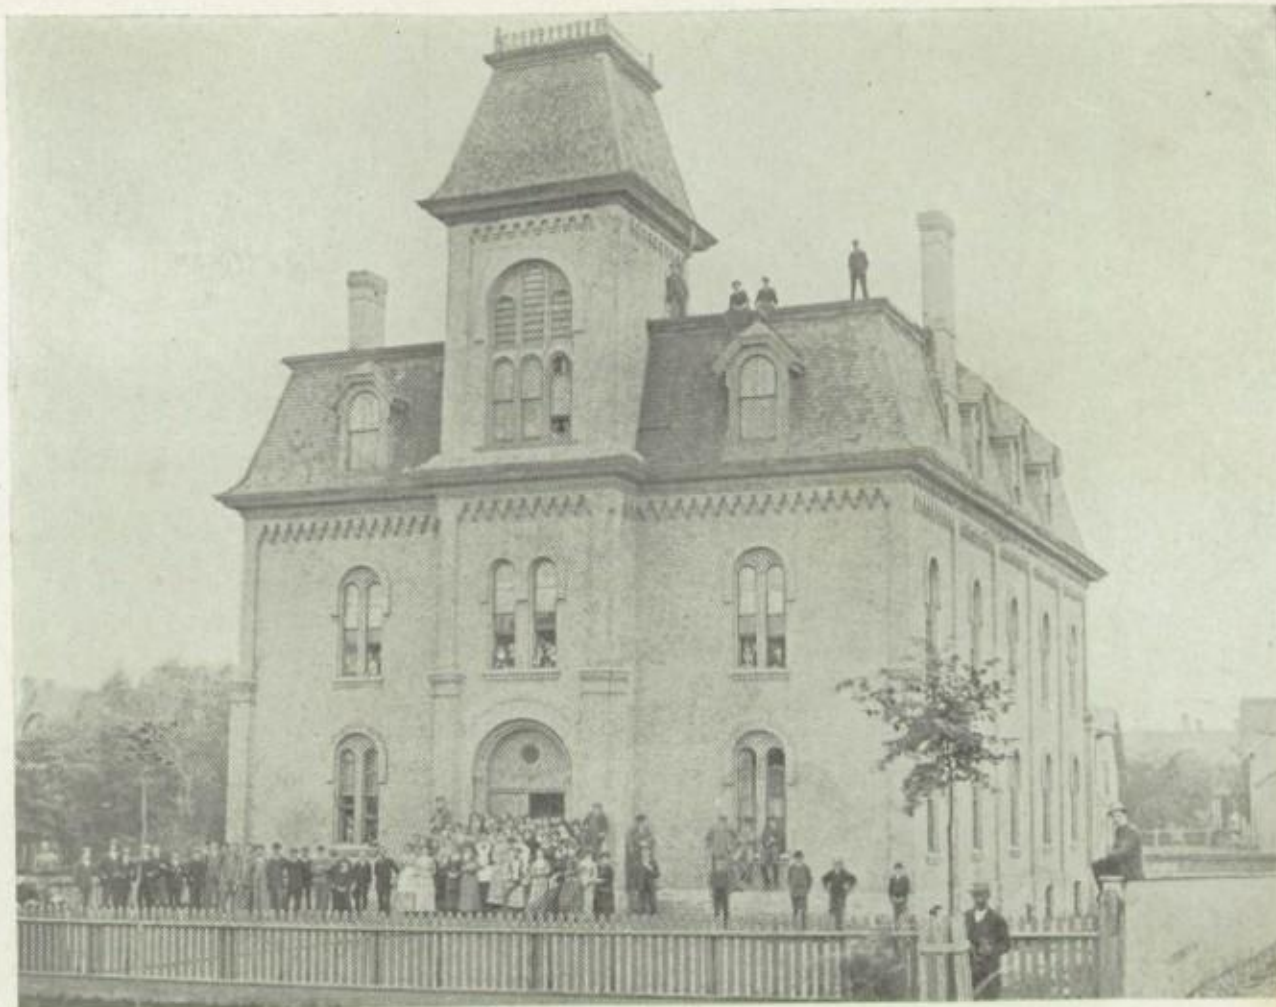

George A. Chamberlain had that prime essential of a great teacher and a great man — the ability to leave an enduring influence for good upon the lives of those with whom he came into contact. Generations of Riverside graduates remember him as a principal whose discipline was firm, but who never failed to give credit where it was due and to administer justice tempered with kindness and mercy. The qualities of sound scholarship and good sportsmanship instilled by him helped many a young man and young woman to find a place in life as a good citizen, an asset to the community. May his memory and example live long in the annals of Riverside and in the hearts of those who were privileged to know him or who, in later years, have benefited by the enduring results of his farsighted leadership.

Clifford P. Morehouse, Riverside '21

The Milwaukee High School  
 Northwest Corner of Van Buren and Division  
 (East Juneau Avenue) Streets  
 Mr. Chamberlain served there  
 as instructor in physics.

"For him who in the love of  
 Nature holds  
 Communion with her visible  
 forms, she speaks  
 A various language."

East Division High School  
 Northeast Corner of Cass and Knapp Streets  
 Mr. Chamberlain became principal in 1903,  
 continuing as principal of  
 Riverside High School  
 from 1915 to his retirement in 1937.

# In Memoriam

LEWIS F. BAKER

For over thirty years Lewis F. Baker was a vital part of Riverside, first as head of the commercial department and later as vice principal. Alert, efficient, aggressive, and possessed of a keen sense of humor and understanding of his fellowmen, he rooted his personality in the life of the school. Strict and exacting in his teaching, keen and discerning in his disciplinary assignment, far-seeing in his administrative responsibilities, he made Riverside students and faculty feel the impact and influence of an unusual man and injected zest and vibrancy into the school routine.

As the years wore on and discipline gravitated more and more to his office, he might have been designated as the "trouble-shooter" for the school. But whether he treated his cases gently, or with the sternest of iron-hand methods, an especial monument to his broad understanding and ability has been the never-failing return of these recalcitrant students in later years to express thanks and appreciation for his setting them on the right track.

Every activity, from the playing of an athletic contest to the investment of school funds, had his loyal interest and support.

He held before the students a high standard of conduct, and all who came in contact with him will long feel the imprint of his vibrant and forceful personality.

## MARY K. HOWE

Mrs. Howe personified the ideal of what a teacher should be. Thorough, considerate, conscientious almost to a fault, she made her teaching a living thing. Her hope was to endue young people with a love of the fine and beautiful not only in literature but in life. She wanted her students to live fully, thoughtfully. Through her interpretation of literature they lived thus vicariously, for through her eyes they saw a vision of what life could be.

Her sympathy and understanding, her willingness to give of her time and energy to those who sought her counsel were an inspiration to students and faculty. She gave generously of her talent. But there was in her a vein of iron which did not permit the slothful and the careless. Youth must be inspired with a love of perfection, must be taught to see beauty in order. She set high standards. In their earnest attempt to reach them, her students have paid her the greatest honor. They loved her while she was their teacher, but they will feel the impact of her personality and the inspiration of her teaching all the days of their lives.

Certainly she could say with the Apostle Paul: "I have fought a good fight. I have finished the course. I have kept the Faith. Henceforth there is laid up for me a crown of righteousness."

The MERCURY ANNUAL staff wishes to express its appreciation to all who have helped create this yearbook: to the teachers for their tolerance of disrupted classes during posing periods, to the advisers of clubs and classes for their long lists and picture-properties, to the students for their sweet smiling and engaging action, and to the men of business for their patient guidance and acceptance of amateur craftsmanship. As a consequence, the editors were able to provide this record through which you may remember your days at Riverside High School in 1942.

Dearest Flo, My One & Only,

Well we finally made it didn't we?  
We have had fun but not  
enough of it. We simple must  
make our plans come true!!!

I loved those delicious rides to  
the lakefront. Especially when  
I was the odd number. Very  
interesting!!!

Don't forget. We go halves on  
our wedding cake. Not from  
Heinemann!!! I can hardly  
wait! Really!

I wish we could double  
date sometime, but when  
can we get our one & only  
together at the same time?  
I'll have to grin & bear it!!!

I simple must go to the  
"Y." I have never seen such  
an active club. So so. And  
those teas they have, delicious!

Well my sweet I have to  
leave you now. my pen  
is running dry. But that's  
not the real reason really!!!  
I simple haven't a rather short  
to write.

Love & kisses
